

Materials and Resources Deals for May 2026

There were 11 completed U.S. private equity deals in the Materials & Resources sector during the month of May. The number of deal transactions increased 22.2% when compared to April's deal count. There was a 26.7% decline in the number of Materials & Resources deals compared to May 2025.

Materials and Resources Deals for May 2026

Company Name	Description	Deal Synopsis
AgriWebb	Developer of a livestock management platform designed to revolutionize beef production sustainability. The company's platform helps collect all the necessary data in real time, even offline, boosts productivity, lowers emissions, and assembles it with transparency, and also offers paddock treatment and crop recording services, enabling farmers to track, analyze, and update farm inventories, pasture, and livestock data via a cloud-based record-keeping notebook.	The company was acquired by URUS, via its financial sponsor CVC Capital Partners, through an LBO on May 19, 2026 for an undisclosed amount.
Amcor (Two Beverage Closure Compression Molding Facilities in United States)	Operator of beverage closure compression molding facilities intended to provide plastic packaging. The company specialises in the production of packaging products, thereby enabling clients from the fast-moving consumer goods industry to address complex packaging challenges.	The two beverage closure compression molding facilities of Amcor were acquired by Closure Systems International, via its financial sponsor Cerberus Capital Management, through an LBO for an undisclosed amount on May 05, 2026.
APC Packaging	Manufacturer of sustainable cosmetic and personal care packaging products designed for product containment, dispensing, and brand presentation applications. The company offers recyclable and refillable packaging formats, airless dispensing systems, custom design capabilities, and turnkey packaging development services, enabling beauty and personal care brands to enhance sustainability, product protection, and consumer appeal.	The company was acquired by The Novvia Group, via its financial sponsors Kelso & Company and Harvey & Company, through an LBO on May 19, 2026 for an undisclosed amount.
MML Diagnostics Packaging	Manufacturer of outsourced in vitro diagnostic and single-use medical devices intended to support specimen collection, diagnostic testing, and clinical workflows. The company offers contract design and manufacturing of specimen collection swabs, transport kits, reagents, sterile barrier packaging, automated assembly equipment, vial filling and labeling, kitting and boxing, and packaging validation services, enabling in vitro diagnostic and medical device manufacturers and laboratory testing providers to control private-label production, improve manufacturability, and faster product deployment.	The company was acquired by Salt Creek Capital through an LBO on May 18, 2026 for an undisclosed amount.
Polymer Adhesives	Manufacturer of duct sealants and insulation intended to offer environmental friendly alternatives to traditional polyurethane. The company's products include duct sealants, adhesives, tape, spray guns, hoses, silicon and brushes.	The company was acquired by DiversiTech, via its financial sponsor Partners Group, through an LBO on May 29, 2026 for an undisclosed amount.

Company Name	Description	Deal Synopsis
Potsdam Specialty Paper	Manufacturer of specialty fiber and paper-based material designed for demanding industrial and technical applications. The company specializes in researching, developing, and manufacturing specialty latex, acrylic, and other saturated base papers that are used for developing products like application tapes, papers needed for a variety of printing, coating, and laminating processes, and sterilization papers, enabling clients to have access to a one-stop shop for superior fiber-based products.	The company was acquired by Twin Rivers Paper Company, via its financial sponsors Blue Wolf Capital Partners and Atlas Holdings, through an LBO on May 5, 2026 for an undisclosed amount.
Quick Pak	Distributor of industrial packaging equipment and supplies based in Tampa, Florida. The company supplies packaging boxes, corrugated sheets, carton staplers and related equipment, along with equipment parts repair, on-site technical services, configuration, maintenance and commissioning of packaging equipment.	The company, a subsidiary of NFI Industries, was acquired by Veritiv, via its financial sponsor Clayton, Dubilier & Rice, through an LBO on May 12, 2026 for an undisclosed amount.
Stickel Packaging Supply	Operator of a packaging supply and equipment distribution platform intended to support packaging, shipping, and facility operations. The company offers corrugated packaging materials, protective packaging products, equipment, janitorial supplies, and material handling items, enabling manufacturers, distributors, and commercial facilities to have efficient packaging workflows and consistent operational support.	The company was acquired by Veritiv, via its financial sponsor Clayton, Dubilier & Rice, through an LBO on May 12, 2026 for an undisclosed amount.
Texas Textile Services	Provider of linen management and linen rental services intended to support healthcare institutions. The company offers laundry services, linen management, sterilization support, distribution services, and linen collection, thereby ensuring consistent access to hygienic textiles for the healthcare industry.	The company was acquired by Healthcare Linen Services Group, via its financial sponsor, The Sterling Group, through an LBO on May 1, 2026, for an undisclosed amount. The acquisition will expand HLSG's presence in an attractive, high-growth healthcare market and provide opportunities to leverage the company's scale, operational expertise, and customer-focused approach.
Thompson Aluminum Casting	Manufacturer of aluminum and magnesium castings built for aerospace, defense and industrial applications requiring precision-engineered metal components. The company's cast components are produced through sand casting, permanent mold casting, machining, finishing, assembly and non-destructive testing processes utilizing aerospace-certified manufacturing systems and metallurgical inspection technologies, enabling aerospace, defense and industrial customers to obtain precision metal components for structural and engine applications.	The company was acquired by American Casting Company, via its financial sponsor Arcline, through an LBO in approximately May 2026 for an undisclosed amount.

Company Name	Description	Deal Synopsis
Vanderbilt Minerals	Manufacturer of mineral-based rheology-control and functional additives intended for personal care, pharmaceutical, agricultural, and industrial markets. The company produces natural and synthetic minerals, including smectite clays, wollastonite, pyrophyllite, kaolin, and xanthan gum, as well as chemical agents such as dispersing agents, drier stabilizers, accelerators, and industrial preservatives.	The company was acquired by Riverspan Partners through a \$64 million LBO on May 7, 2026.
