

Business Products and Services Deals for July 2026

There were 277 completed U.S. private equity deals in the Business Products & Services sector during the month of July. The number of deal transactions decreased 5.1% when compared to June's deal count. There was an 18.8% decline in the number of Business Products & Services deals compared to July 2025.

Business Products and Services Deals for July 2026

Company Name	Description	Deal Synopsis
405 Colorado	A boutique asset located in Austin, Texas. The asset comprises 206,000 square feet.	
A Better Tint	Provider of window tinting and glass protection services intended for residential and commercial properties. The company offers solar control, safety and decorative film installations using micro-replication and tear-resistant technology, enabling property owners to improve energy efficiency, enhance privacy and protect glass surfaces against forced entry and environmental damage through certified 3M window film solutions.	
A-1 Advantage Asphalt and Concrete	Provider of paving and maintenance services intended to maintain safe and durable pavement surfaces. The company offers asphalt paving, concrete flatwork, sealcoating, crack sealing, striping, and signage, providing commercial and municipal clients with maintenance services that address long-term liability issues and ensure surface durability.	
A2D Technologies	Provider of well data products and geological datasets intended for the oil and gas industry. The company offers well log libraries, geological interpretations, production and completion data, pressure data, directional surveys, and analytics-ready subsurface datasets that support reservoir characterization, drilling evaluation, and exploration planning, enabling customers to make informed development decisions.	The company, a subsidiary of TGS, was acquired by Enverus, via its financial sponsor Blackstone, through an estimated \$115 million LBO on July 8, 2026. The company will receive a contingent payout of \$15 million upon the completion of future performance terms.
ACS-Alabama Cleaning Service	Provider of janitorial services intended to maintain commercial and industrial facilities. The company offers office cleaning, floor cleaning, floor maintenance, kitchen sanitization, restroom sanitization, and supply replenishment, providing commercial and industrial clients with professional facility maintenance and sanitary environments.	
Adapture Renewables (68 MW Operating DG Solar Portfolio across the United States)	A portfolio of fifteen operating distributed generation solar photovoltaic projects totaling 68 MW (DC) in the United States.	

Company Name	Description	Deal Synopsis
ADR Options	Provider of alternative dispute resolution services for civil disputes. ADR Options offers mediation, arbitration, and mock trial services for personal injury, medical malpractice, property, employment, and family law matters. The company's experienced neutrals, including former judges and trial attorneys, handle cases in Pennsylvania, New Jersey, and Delaware. ADR Options has received recognition as a Tier 1 Best Law Firm in arbitration and mediation by U.S. News and World Report and has been awarded the Silver Award for best Alternative Dispute Resolution company in The Legal Intelligencer's Best of year survey.	
Advance Mfg. Co.	Manufacturer of precision-engineered components and assemblies intended to serve aerospace, defense, power generation, semiconductor, medical, and industrial sectors. The company offers precision machining, CNC milling, grinding, welding, fabrication, inspection, assembly, and specialized torque equipment, thereby helping customers produce complex components and systems for critical applications.	
Advanced Corrosion Technologies & Training	Provider of non-destructive testing services intended to detect corrosion and evaluate material integrity. The company offers corrosion detection, ultrasonic testing, magnetic particle testing, positive material identification, and technical certification training, enabling refining, chemical, and gas processing organizations to identify material flaws and reduce operational costs.	
AdvisorWoRx	Provider of strategic healthcare consulting services intended to help organizations identify sustainable solutions. The company offers workflow optimization, regulatory compliance mapping and accreditation support services, enabling healthcare organizations to access clinical expertise and operational analysis to enhance service delivery and improve patient experiences.	
AdvoWaste Medical Services	Owner and operator of a medical waste company intended to manage biohazardous medical waste. The company offers medical and healthcare facilities with superior medical waste, sharps removal, and biohazardous compliance management services, enabling clients to access their services for secure collection, transport, and disposal of all regulated biohazardous, medical, and pharmaceutical waste disposal needs.	

Company Name	Description	Deal Synopsis
AEEC	Provider of IT, environmental, and engineering consulting services intended for federal agencies and Fortune 500 companies. The company offers digital transformation consulting, environmental remediation, compliance engineering, civil and mechanical engineering, and construction management services, enabling customers to accelerate technology modernization and achieve environmental sustainability.	
Airside Technology	Provider of Heating, Ventilation, and Air Conditioning contracting and sheet metal fabrication services intended for commercial and industrial sectors. The company offers service contracts, chillers, boilers, rooftop equipment, ventilation systems, control systems, pumps, cooling towers, air handling systems, and VAV (Variable Air Volume) systems, enabling clients to manage climate control and ventilation requirements.	
Alesco Data	Developer of a customer intelligence platform designed to improve customer acquisition through trusted consumer data and data enrichment. The company offers customer data enhancement, audience segmentation, and actionable customer intelligence, enabling marketers and customer-focused organizations to identify high-value prospects and strengthen acquisition strategies.	
All American Tire Recyclers	Manufacturer of crumb rubber designed for industrial and commercial applications. The company operates a certified facility that reprocesses scrap tires into multiple grades of crumb rubber, tire derived fuel and steel fiber, enabling tire shops and municipalities to dispose of waste materials and obtain recycled raw materials for manufacturing.	
All Electric	Provider of electrical contracting services intended for the industrial and energy sectors. The company offers electrical installation, service maintenance and control panel construction for oil well tank batteries, gas compressors and water transfer facilities, enabling clients to maintain compliant and operational electrical infrastructure in specialized environments.	
Alliance Energy New York (110 MW of Operating Power Generation Assets in New York)	110-megawatt twin-pack simple cycle peaking gas turbine power plants in New York, United States. The asset utilizes natural gas, fuel oil, and biodiesel to generate electricity and thermal energy for industrial and grid applications.	

Company Name	Description	Deal Synopsis
Allred Metal Stamping Works	Manufacturer of custom metal stamped parts designed to provide mass production solutions for industrial clients. The company specializes in custom metal stamping, precision machining, tooling, fabrication, and component manufacturing, thereby enabling customers to produce high-volume precision parts for various applications.	
Alltite	Provider of industrial calibration and bolting services intended for the energy and manufacturing sectors. The company offers calibration services, bolting solutions, equipment rentals, tool repairs, preventive maintenance, and training programs, enabling industrial clients to maintain instrument precision and operational efficiency through on-site mobile laboratories and digital tracking software.	
Am-Tran	Provider of logistics services intended to offer expert courier services to optimize the delivery network. The company specializes in same-day delivery and provides courier and freight services, enabling businesses to focus on their core operations while maintaining control over their delivery services.	
American Packing & Gasket	Manufacturer of fluid sealing and conveyance products intended to serve agriculture, manufacturing, aerospace, military, construction and other industries. The company's products include gaskets, packing material, O-rings, industrial hose couplings, sheet and roll gasket materials that are distributed and supplied through its warehouses, providing industries with same or next-day shipping on standard products, quick turnaround times on fabricated items and extended customer service hours to serve multiple time zones.	
Aquatic Weeds	Provider of aquatic weed removal services intended for waterfront restoration. The company offers mechanical harvesting, herbicide spraying, and maintenance services using specialized work boats and silt curtains, enabling homeowners and government agencies to restore lakefront properties and maintain healthy water ecosystems through chemical-free vegetation removal and the installation of aeration systems.	
arbnco	Developer of an environmental, social, and governance platform designed for large enterprises and commercial real estate. The company's platform leverages building analytics to improve the performance of commercial buildings, enabling businesses to measure, analyze, and improve energy efficiency and indoor environmental quality.	

Company Name	Description	Deal Synopsis
ARC Insulation	Provider of residential insulation and energy assessment services intended for homeowners. The company offers attic insulation, crawl space insulation, wall insulation, air sealing, energy assessments, and insulation removal, enabling residents to improve home energy efficiency and indoor comfort through professional thermal barrier installation.	
Arctica Frozen Solutions (Florida)	Distributor of frozen food products intended to serve the retail and institutional sectors. The company offers ice cream distribution, frozen novelties, frozen fruit, bread items, display freezer service, and customized distribution programs, enabling the retail, healthcare, and food service industries to access frozen products through a direct store delivery network.	
Arizona Sun Supply	Distributor of shade and screen materials intended for professional retailers and fabricators. The company offers solar screen fabrics, architectural shade cloth, stainless steel hardware, and specialized sewing threads, enabling awning shops and sunscreen businesses to access wholesale materials for residential and commercial outdoor installations.	
Armstrong Transport Group	Operator of a third-party logistics company focused on providing freight brokerage services via a network of independent agents and employees. The company offers logistics, consulting, and transportation services to clients, helping them meet the growing and increasingly complex demands of shipper customers.	
Ascend Elements	Manufacturer of battery materials intended for the lithium-ion battery industry. The company offers cathode precursor (PCAM), cathode active material (CAM), lithium carbonate, cobalt sulfate, manganese sulfate, nickel sulfate, battery recycling services, black mass processing, and engineered battery materials, enabling electric vehicle manufacturers and energy storage providers to secure sustainable critical minerals through a closed-loop recycling process.	The company was acquired by Kinterra Capital through a \$100 million LBO on July 13, 2026.
Auto Body Now	Distributor of automotive tools and maintenance supplies intended for vehicle repair, customization, and upkeep purposes. The company offers a broad catalog of specialty tools, accessories, and automotive care products from multiple brands, thereby enabling professionals, DIY users, and vehicle owners to access reliable equipment for repair and maintenance needs.	

Company Name	Description	Deal Synopsis
Automatic Controls Equipment Systems	Provider of building automation services intended to optimize energy consumption and building performance. The company offers building automation technology, remote access monitoring, data analysis, system integration, automated maintenance, and energy optimization, thereby enabling commercial properties to manage facility environments and reduce operating expenses.	
AWA Engineering	Provider of civil engineering and land development consulting services serving public agencies, municipalities, developers, and private clients. The company provides transportation engineering, water and wastewater engineering, stormwater management, land surveying, construction management, and site development planning, enabling clients to design, permit, and deliver infrastructure and land development projects.	
Barich	Provider of aviation technology consulting services intended to serve airports and aviation stakeholders. The company specializes in airport information technology planning, business analysis, airport systems consulting, common use systems planning, passenger processing systems, and program and project management, thereby helping clients align technology initiatives with operational requirements and improve airport processes.	
Barnes Advertising	Operator of an outdoor advertising company intended to provide brand visibility through physical and digital displays. The company's technology manages a network of traditional billboards, digital billboards, vehicle graphics, business signs, channel letters, and yard signs, providing businesses with advertising exposure across high-traffic routes to increase consumer engagement.	
Bilyeu Disposal	Provider of waste disposal services intended to offer reliable and affordable trash removal to residential and commercial customers. The company offers weekly residential trash pickup, commercial dumpsters in various sizes, and roll-off dumpsters for construction and renovation projects, enabling households, small businesses, and project contractors across Southwest Missouri to maintain clean premises through a locally owned, community-focused service model with transparent pricing, flexible payment options, and a personal-touch approach backed by a no-charge missed-pickup guarantee.	

Company Name	Description	Deal Synopsis
Bluegrass Commercial Cleaning	Provider of commercial cleaning and janitorial services intended for maintaining cleanliness and hygiene across business and institutional facilities. The company offers routine office cleaning, deep disinfecting treatments, floor care services such as carpet cleaning and tile stripping and waxing, move-in and move-out property cleaning, and lawn and landscape maintenance for commercial properties.	
BlueSky Helicopters	Provider of aviation services intended to support industrial and public sector aerial operations. The company offers utility aviation services, powerline support, aerial firefighting capabilities, external cargo transport, charter operations, and a diverse helicopter fleet, enabling government agencies, infrastructure operators, and commercial organizations to conduct complex aerial missions with operational reliability.	
Bowe & Gant	Provider of commercial electrical contracting services intended to deliver electrical infrastructure for commercial, industrial, and institutional construction projects. The company's services include electrical construction, preconstruction planning, design-build delivery, project management, electrical system installation, maintenance, and service for commercial and industrial facilities, enabling general contractors, developers, and facility owners to complete electrical projects safely, efficiently, and in compliance with industry standards.	
BroadBranch Advisors	Provider of growth strategy consulting services intended to help organizations achieve sustainable growth through data-driven market insights and strategic decision-making. The company's services include corporate strategy, market evaluation, mergers and acquisitions advisory, innovation strategy, leadership search, and professional development, utilizing a proprietary outside-in methodology and real-time market research to provide commercial organizations and investors with actionable insights that support growth, portfolio optimization, and informed strategic decisions.	
Broekhof USA	Distributor of floral packaging products intended to serve growers, wholesalers, and floral retailers. The company distributes flower sleeves, bouquet wraps, plant sleeves, transport packaging, display materials, and custom-printed packaging that help protect floral products during shipping and presentation while supporting branding requirements.	

Company Name	Description	Deal Synopsis
Brooks Heating & Air	Provider of hvac services intended for residential climate control. The company offers air conditioning repair, furnace installation, heat pump repair, humidifier installation, electric furnace repair, and gas furnace repair, providing homeowners with residential heating and cooling maintenance and system diagnostics.	
BST America	Provider of market data advisory services intended to optimize content acquisition and negotiation. The company offers strategic consultancy, vendor benchmarking, demand management, sourcing strategy, and contract support, enabling financial services and legal firms to optimize market data expenditures and improve commercial operations.	
Camino Natural Resources (Oil and Natural Gas Properties Located in Oklahoma, United States)	101,000 acres of oil and natural gas properties located in Oklahoma, United States.	The oil and natural gas properties of Camino Natural Resources were acquired by The Carlyle Group and Diversified Energy Company through a \$1.18 billion LBO on July 2, 2026. The transaction was supported by an undisclosed amount of debt financing.
Cape Cod Commercial Linen Service	Provider of commercial laundry and linen services intended for hospitality, food and beverage and other commercial customers. The company offers various services, including washing, ironing, and folding ironed sheets, bright white, soft, fluffy towels, and starched, crisp table linens, ensuring clients receive enhanced care for their fabrics while saving time.	
Carbon Shield	Provider of carbon reduction projects and well plugging services intended to serve landowners, project developers, agencies, and organizations seeking methane emissions reduction from orphaned oil and gas wells. The company develops carbon credit projects, performs well plug and abandonment programs, and applies emissions quantification expertise to methane abatement initiatives, thereby supporting measurable greenhouse gas reduction and climate impact.	
Carolina Elevator Service	Provider of elevator maintenance services intended to enhance user convenience and ensure safety. The company offers elevator maintenance, elevator repair, elevator modernization, elevator installation, equipment replacement, and safety inspections, providing commercial properties with personalized solutions that minimize downtime and enhance efficiency.	
CD Specialty Contractors	Provider of insulation and scaffolding services intended to serve industrial and commercial projects. The company offers insulation, scaffolding rental, scaffolding, stair towers, mast towers, pedestrian walkways, trash chutes, painting, coating, abatement, equipment rental, construction rentals, bleachers, staging, commercial construction rental, and event staging.	

Company Name	Description	Deal Synopsis
Celco Electropolishing	Provider of metal surface treatment and processing services intended to improve surface condition, cleanliness, and corrosion resistance for industrial applications. The company offers passivation, pickling, electropolishing, precision cleaning, oxygen service cleaning, and surface preparation services, enabling industrial, data center, and mission-critical infrastructure operators to maintain process-controlled and commissioning-ready components.	
Central Florida Lake Management	Provider of aquatic and land management services intended for ecological restoration and maintenance. The company offers ecological restoration, maintenance services, gopher and tortoise excavation, turbid-water treatment, and erosion remediation, enabling property owners to maintain the condition and ecological health of their land and water assets.	
Central Heat & Air	Provider of HVAC services intended to manage residential and commercial climate control. The company offers precision tune-ups, priority service, diagnostic fee waivers, repair discounts, upfront pricing, and extended system life, providing residential and commercial clients with consistent indoor temperature management and improved air safety.	
Cherre	Developer of a SaaS-based financial database platform designed to collect and augment real estate data from public, private, and internal sources. The company's platform offers market evaluations and analysis, valuations, property characteristics, tax assessments, and related information, enabling clients to save on manual analytics costs and optimize strategic decision-making.	
Cint Group	Cint Group AB is engaged in digital insights gathering of consumer insights. The software platform helps its customer segments in two ways. For its established insight company segment, it digitalizes the insights-gathering process and for the tech-enabled business segment, it provides unprecedented audience scale. The insights industry consists of three segments: Market Research, Research Software and Reporting. Geographically, the company is diversified in three segments Americas, EMEA and APAC.	The company was acquired by Triton Partners through a SEK 1.31 billion LBO on July 16, 2026.
Cliramitug	A portfolio of disease royalties located in the United States.	The company was acquired by Royalty Pharma through a \$300 million LBO on July 22, 2026. The company will receive a contingent payout of \$175 million upon the achievement of certain clinical and regulatory milestones. As part of this transaction in the first quarter of 2027, Royalty Pharma will provide another \$125 million in cash to Neurimmune.

Company Name	Description	Deal Synopsis
Colt Tire Recycling	Provider of scrap tire recycling and tire collection services intended to serve commercial, industrial and government clients, based in Louisiana, United States. The company specializes in tire collection, scrap tire recycling, recycled rubber products, civil engineering applications using recycled rubber, transportation services and other services, thereby enabling clients with responsible tire disposal, recycling and beneficial reuse of scrap tires.	
Colton Truck Terminal Garage	Provider of commercial vehicle repair services intended to repair and maintain trucks, buses, and recreational vehicles. The company offers engine repair, transmission servicing, brake repair, suspension repair, electrical diagnostics, wheel alignment, and preventive maintenance, enabling commercial fleet operators and vehicle owners to keep vehicles in working condition.	
Conversica	Developer of an artificial intelligence-powered customer engagement platform intended to automate sales, marketing, and customer communication processes. The company offers conversational artificial intelligence agents with automated email and text interactions, lead qualification, and customer follow-up capabilities, enabling sales, marketing, and customer support teams to improve response consistency and maintain customer engagement across the customer lifecycle.	
Corbett Industrial Cleaning Services	Provider of environmental and industrial maintenance services intended to assist manufacturers and municipalities with cleanup and waste disposal. The company offers regulated waste disposal, CCTV pipeline inspection, hydro excavation, pipe jetting, vacuum cleaning and storm drain clean-outs, providing industrial cleaning and environmental remediation for private facilities and municipalities.	
CORE Communications	Provider of technology advisory services intended to manage and optimize network expenses. The company offers technology advisory, expense management, infrastructure consulting, network environment management, operational goal assessment, and cost-effective network solutions, enabling organizations in the real estate and non-profit sectors to gain visibility and control over their network environments.	

Company Name	Description	Deal Synopsis
Council Advisors	Provider of executive advisory services intended to help senior leaders translate strategic objectives into effective execution. The company offers strategy execution support, leadership development expertise, and organizational advisory services, enabling boards, chief executives, and executive teams to strengthen performance and address complex business challenges.	
CoventBridge (Insurance Division located in Florida, United States)	Provider of insurance investigation services intended to mitigate fraud and support claims management. The company utilizes proprietary case management technology, a national investigative operation, and an international investigator network, enabling insurance carriers and third-party administrators to access specialized investigative expertise and enterprise-level scale with boutique-level service.	
Cross Country Healthcare	Cross Country Healthcare Inc is a healthcare workforce solutions company delivering an AI-powered digital platform and advisory services to help health systems manage their labor ecosystem. It operates through two reportable segments: Nursing and Allied Staffing, which generates maximum revenue and provides staffing, recruiting, total talent solutions, vendor neutral programs, managed service programs, education healthcare services, caregiver services to PACE programs and outsourcing services; and Physician Staffing, which provides licensed practitioners including certified registered nurse anesthetists, nurse practitioners and physician assistants on temporary assignments. The company offers roof installation, repair, restoration, and maintenance, as well as siding and waterproofing solutions, enabling organizations to maintain and protect their large-scale commercial structures.	

Company Name	Description	Deal Synopsis
Davis Heating & Air Conditioning	Provider of residential home services intended to maintain indoor comfort and safety. The company offers 24/7 emergency repairs, maintenance membership programs, and code-compliant installations, providing HVAC, plumbing, and electrical services to ensure functional and efficient home systems.	
Dealer Performance Group	Provider of finance and insurance products intended for the automotive dealership industry. The company offers vehicle service contracts, guaranteed asset protection, theft protection, key replacement, scheduled maintenance programs, appearance protection, bundled coverages, RV coverage, commercial vehicle protection, and subprime lending, enabling dealerships to enhance profitability and customer retention.	
DeAngelis Iron Work	Provider of metal fabrication and restoration services intended for the construction and historic preservation sectors. The company offers ornamental ironwork, monumental stairs, railings, gates, fencing, cast-iron facades, stainless-steel fabrications, bronze work, brass work, and nickel-silver work, enabling clients to access custom metal design and historic restoration.	
DecoPac	Manufacturer of cake decoration materials for bakeries and professional cake decorators. The company offers print-on-demand cake decorating services, cake decorating supplies ranging from bakery crafts, cake structure sets, to pastry bags, decorating tips, and edible food colours, enabling customers to provide customized baked goods with short turnaround times.	
Delta Materials Handling	Distributor of material handling equipment intended to serve warehouses, distribution centers, manufacturing facilities, and logistics operations. The company offers new and used forklifts, forklift rentals and leasing, warehouse equipment, pallet jacks, pallet racks, conveyor systems, forklift parts, and maintenance, thereby helping clients improve material handling operations and maintain warehouse equipment	
Diamond Metals Distribution	Distributor of tool steel designed for industrial manufacturing applications. The company offers pre-squared finishing, saw cutting, flame cutting, grinding, duplex milling, and CAD capabilities, providing tooling manufacturers with processed metal products that meet specific dimensional tolerances.	

Company Name	Description	Deal Synopsis
Dobbs Coating Systems	Provider of industrial painting and coating services intended for wastewater treatment and power generation facilities. The company offers technical and chemical-resistant coatings, secondary containment, epoxy flooring systems, traffic coatings, and intumescent fireproofing, providing industrial and commercial clients with infrastructure protection and hazardous material abatement.	
Duva Distributors	Distributor of fresh breads and pastries intended for businesses. The company offers fresh breads, pastries, bakery essentials, wholesale services, distribution services, and delivery services, enabling businesses to consolidate bakery inventory procurement through a single supplier.	
DWG Consulting Engineers	Provider of engineering services intended to deliver sustainable building solutions. The company offers mechanical engineering, electrical engineering, plumbing engineering, fire protection engineering, sustainability consulting, and lighting design, providing building owners and developers with technical designs that support project performance and operational requirements.	
Eben Gray's Tree Service	Provider of professional tree care and removal services intended to serve residential and commercial customers. The company offers crane-assisted tree removal, stump grinding, and selective pruning, enabling property owners to manage hazardous vegetation and maintain landscape health through specialized equipment and technical arboricultural solutions.	
Echolocity	Developer of project management and business improvement software designed to help businesses focus on impactful projects. The company's software helps to compare projects relative to each other via a user-friendly application, consolidates the results, and helps to make individual instinctual decisions about which project will provide the impact comparatively speaking, enabling managers to make data-driven decisions.	
Edge Right (Berry)	Manufacturer of metal landscaping products intended to define and enhance outdoor spaces. The company offers COR-TEN steel construction, hammer-in installation, weather-resistant materials, and custom outdoor fixtures, enabling homeowners, gardeners, and landscaping professionals to create long-lasting and organized outdoor environments with minimal maintenance.	

Company Name	Description	Deal Synopsis
Electrical Cable Specialists	Distributor of wire and cable intended for construction and maintenance in the transit, power generation as well as transmission and industrial sectors. The company offers industrial and transit cables for stranding, tinning, insulation, shielding, jacketing, copper weight and minimum bend radius, thereby solving technical problems and suggesting workarounds that save deadlines and increase efficiency.	
Emerald Holding	Emerald Holding Inc is a business-to-business (B2B) event organizer principally in the United States, with operations in the United Kingdom (U.K.), France, and other markets. The company is engaged in three complementary business lines: Connections division consists of a collection of B2B trade show franchises and other live events that provide exhibitors opportunities to engage with buyers and expand their brand's awareness in their industry; the Content division consists of B2B print publications and digital media products that complement existing trade show properties, and the Commerce division provides B2B e-commerce and digital merchandising solutions to manufacturers and retailers. Emerald's key revenue is derived from the Connections business, its only reportable segment.	The company was acquired by Apollo Global Management through a \$1.5 billion public-to-private LBO on July 14, 2026. The combined business is expected to be well-positioned to drive organic growth and serve as a strategic partner of choice for founders and operators in the large and fragmented B2B events landscape. The transaction was supported by \$1.24 billion of debt financing.
EN-POWER GROUP	Provider of energy engineering services intended to optimize building efficiency and sustainability. The company offers engineering design, construction management, energy auditing, sustainability consulting, local law compliance, and funding strategy development, enabling facility owners to improve building performance while reducing operating costs and environmental impact.	
Engagedly	Developer of performance management software designed to redefine performance appraisals by incorporating elements of employee engagement into the performance review process. The company specializes in developing software for manager feedback, peer praise, idea generation, objective alignment and social performance, enabling clients to operate efficiently.	
Enocta	Developer of a learning management platform designed for corporate employee development. The company provides an integrated platform that combines learning management, performance tracking, and career development within a single interface, enabling corporate organizations to manage all employee training and performance data through a centralized digital system.	

Company Name	Description	Deal Synopsis
Environmental & Chemical Consulting	Provider of environmental services intended for environmental compliance. The company offers hazardous waste disposal, industrial cleaning, emergency response, lab packing, environmental consulting, and tank management, enabling industrial and retail clients to manage hazardous material cleanup and minimize environmental liability.	
Environmental Protection Industries	Provider of environmental consulting and remediation services intended for brownfield redevelopment. The company's services include site packaging, in-situ bioremediation, and hazardous waste stabilization, enabling real estate developers to transform contaminated properties into construction-ready sites while navigating regulatory compliance and funding reimbursements.	
Everest Court Reporting	Provider of court reporting and deposition services intended to support complex litigation. The company offers court reporting, deposition services, case management, a secure client portal, transcript access and exhibit management, enabling law firms and legal departments to manage multi-party and multi-district litigation matters.	
Excite Health Partners	Provider of healthcare recruiting services intended to offer compliance-driven services by offering both nursing and allied health professionals. The company offers health information management (HIM), health information technology (HIT), allied health staffing, and travel nursing services, thereby emphasizing compliance-driven recruitment and workforce placement.	
Executive Exteriors	Provider of specialty roofing and exterior restoration services intended for residential and commercial customers. The company offers slate roofing, tile roofing, exterior restoration, insurance claim support, emergency services, and commercial roofing assemblies, providing clients with technical expertise for complex projects and historically designated materials.	
Exotic Automation & Supply	Manufacturer of industrial motion control, fluid power, and automation products intended for manufacturing and industrial operations. The company offers hydraulic and pneumatic components, custom hose assemblies, engineered systems, electromechanical technologies, air systems, and rubber and plastics capabilities, enabling industrial manufacturers to improve equipment performance, reliability, and operational efficiency.	

Company Name	Description	Deal Synopsis
Fabrication Unlimited	Distributor of conveyor belting products intended to serve industrial customers. The company specializes in offering conveyor belting, belt fabrication, conveyor belt installation, conveyor belt repair, conveyor belt maintenance and other services, thereby enabling clients to have reliable conveyor belt operation and reduced equipment downtime.	
Fairway Maritime	Provider of demurrage consulting and marine claims management services intended for the maritime industry. The company offers outsourced claims handling, contract analysis, and performance reporting for ocean-going vessels and inland barges, enabling maritime operators to manage reimbursement claims and optimize financial performance through specialized expertise and cloud-based management systems.	
Family Tree Produce	Distributor of fresh fruits and vegetables intended for the food industry. The company offers timely delivery services of quality products, with market reports and food safety alerts, and operates a fully refrigerated facility and fleet of trucks.	
FFR Wealth Team	Provider of wealth management services intended to connect money with life. The company offers wealth management, financial planning, investment management, retirement planning, estate planning, and tax planning, providing individuals and families with personalized strategies to achieve financial goals and maintain independence.	
Fidelity Dealer Services	Provider of automotive consulting services intended to increase dealership financial growth. The company offers performance training, reinsurance evaluations, and profit gap analysis, enabling automotive dealerships to enhance operational efficiency and maximize profitability through vehicle service contracts, asset protection and lease wear coverage.	
Five Points Roofing	Provider of residential and commercial roofing services intended to protect and restore residential and commercial properties. The company specializes in roof replacement, roof inspections, shingle roofing, metal roofing, and commercial roofing services, providing homeowners and commercial property owners with roofing systems that protect buildings from weather-related damage.	
Flexential (110 Acres in Kaufman County, Texas)	A 110 acres of land located in Kaufman County, Texas. The 110-acre campus has the potential to support three 36 MW data center buildings, for a total footprint of 108 MW.	

Company Name	Description	Deal Synopsis
Fluidraulics	Distributor of automation components and systems intended for industrial and medical applications. The company offers air cylinders, actuators, grippers, valves, fittings, and sensors, enabling manufacturers and OEMs to implement fluid power and pneumatic automation systems through specialized application support and technical implementation assistance.	
Fortunato Properties	Provider of real estate services intended to serve residential and commercial markets. The company offers leasing, property management, buyer and seller brokerage, project management, and light construction services, enabling clients to manage transactions and operations.	
Frontline Global Services	Provider of turnkey industrial services intended to deliver comprehensive reliability solutions for industrial and commercial equipment. The company offers high-velocity oil flushing, high-velocity chemical cleaning, on-site fluid purification, varnish eradication and system decontamination services across integrated fluid and process support systems, enabling refineries, petrochemical plants, power generation facilities, nuclear operators, military and aerospace organizations and other heavy industrial clients to achieve enhanced equipment reliability, reduced operational costs and faster project start-ups through a guaranteed-results service model backed by a perfect safety record of zero incidents over 20 years of operation, 24/7 emergency response with rapid-mobilization trailer-mounted equipment and a fully self-contained turnkey approach including all engineering and pipefitting.	
Full Stop Technics	Provider of aircraft maintenance and repair services intended for the aviation industry. The company offers main wheels, carbon brakes, aircraft on ground support, component repair, aftermarket parts, and engineering services, enabling airlines and maintenance organizations to maintain fleet safety and operational efficiency.	
Genan (USA)	Manufacturer of recycled rubber products intended to provide sustainable raw materials for various industries. The company utilizes specialized technology to process end-of-life tires into high-purity rubber granulate and powder, enabling manufacturers to incorporate recycled materials into asphalt, sports surfaces, tires, and plastic components.	

Company Name	Description	Deal Synopsis
GENLED Brands	Designer and manufacturer of light-emitting diode (LED) products intended to serve a diverse range of end markets, including retail and corporate brands. The company specializes in offering a range of patented lighting products that are used in various applications of illuminated signs and architectural lighting to its clients.	
GeoTest	Provider of geotechnical engineering and construction materials engineering and testing services intended to serve construction projects. The company specializes in geotechnical engineering, construction materials engineering and testing, laboratory testing, pavement smoothness profiling, vibration monitoring and other services, thereby helping clients evaluate site conditions, verify construction material quality and monitor project performance.	
Global Energy Services Alliance	Provider of lifecycle services for power generation assets intended for turbine and generator system maintenance. The company offers field services, operations and maintenance, turbine refurbishment, generator inspection, parts supply, equipment overhaul, technical services, and asset lifecycle solutions, enabling power producers and utility operators to extend asset life and reduce operational downtime through integrated technical support.	The company was acquired by Solaris Energy Infrastructure, via its financial sponsors Yorktown Partners and Solaris Energy Capital, through a \$ 55 million LBO on July 6, 2026 .
Global Knowledge Training	Provider of information technology (IT) and professional training services intended to help employees and professionals develop the skills needed to succeed. The company offers various IT and business skills courses and certification programs by providing access to subject-matter experts and delivering authorized and industry-leading instruction through multiple delivery formats to help technology providers, enterprises, and governments accelerate their success by closing their skill gaps and continuously developing their talents.	The company, a subsidiary of SkillSoft, was acquired by Enduring Ventures through an estimated \$15.4 million LBO on July 6, 2026. The transaction comprises a contingent payout of \$8 million.
Golden Flake Factory	A portfolio of factory assets in Birmingham.	The factory was acquired by DC BLOX, via its financial sponsors Post Road Group, Ramp Equity Partners, Ascendant Capital Partners, Atalaya Capital Management and Bain Capital Credit, through a \$2.5 million LBO on July 20, 2026.
Good Boy Pool	Provider of pool cleaning service intended to maintain clean, safe, and functional swimming pools. The company offers pool cleaning, water treatment, equipment inspection, repair, and maintenance services, enabling residential and commercial pool owners to preserve pool performance and extend equipment lifespan.	

Company Name	Description	Deal Synopsis
GracoRoberts	Distributor of specialty industrial chemicals intended for the aerospace and industrial sectors. The company's industrial chemicals include adhesives, sealants, coatings, lubricants, tapes, and other maintenance, repair, and operating (MRO) products that are compliant with quality standards, enabling companies to obtain the right size product packaging in order to simplify product use and reduce waste.	
Greenscape Land Design	Provider of landscaping services intended for retail, hospitality, HOAs, commercial and corporate clients and public sectors. The company offers services, including landscape enhancements, snow and ice management, commercial tree care, irrigation and water management, landscape development and maintenance, thereby helping clients to maintain their properties for a long period of time by offering personalized and comprehensive services.	
GroovJoint	Manufacturer of stainless steel piping products intended to serve industrial piping applications. The company specializes in stainless steel grooved fittings, valves, press fittings, custom fabricated fittings, specialty fittings, and piping components, thereby enabling clients to reduce labor costs, simplify installation, and improve the durability of piping systems.	
Hall's Garage Doors	Provider of garage door services intended to serve residential and commercial property owners. The company specializes in residential overhead doors, commercial overhead doors, garage door openers, garage door installation, garage door repair and other services, thereby enabling clients with the installation, maintenance and operation of garage door systems.	
Ham, Langston & Brezina	Provider of accounting and tax services intended to serve public and private companies. The company offers accounting, auditing, and tax services, enabling public and private organizations to manage financial reporting and ensure regulatory compliance.	
Highlight Technologies	Provider of federal IT services intended to solve complex challenges for government agencies in the health, citizen services, and national security sectors. The company provides DevSecOps, cloud modernization, data management, zero trust architecture, human-centered design, and hybrid cloud automation, enabling federal customers to accelerate mission delivery and improve operational efficiency through digital transformation.	

Company Name	Description	Deal Synopsis
Highwater (Other Commercial Services)	Provider of naval fleet maintenance and restoration services intended for defense and naval clients. The company offers marine preservation, corrosion mitigation, structural maintenance, scaffolding, staging, and tile services, enabling customers to sustain the mission readiness, operational integrity, and schedule adherence of submarines, carriers, and surface combatants.	
Hines (239,000-Square-Foot Mixed-Use Property in Charlotte, North Carolina)	239,000-square-foot mixed-use adaptive reuse property in Charlotte, North Carolina. The asset comprises a fully leased mixed-use development occupied by tenants including Patagonia and Abercrombie & Fitch, providing retail and commercial space in Charlotte's South End.	The Design Center was acquired by Hines Global Income Trust through a \$170 million LBO on July 20, 2026.
Honeywell (Warehouse and Workflow Solutions Business)	Provider of supply chain and warehouse automation services and products intended to serve industrial and commercial sectors. The company delivers automated sorting systems, palletizers, conveyors, robotics, aftermarket services, and software, enabling customers to improve efficiency and operational performance across diverse industries.	
Houston Oral Surgery & Implant Center		
Howard Supply Company	Provider of maintenance, repair, and operating products and services designed to support energy and industrial operations. The company offers distribution of wire rope, slings, shackles, hoisting equipment, safety-critical hardware, and in-house repair, inspection, recertification, and load-testing services, enabling energy and industrial operators to maintain safe and reliable operational equipment.	
Hyatt Die Cast & Engineering	Manufacturer of aluminum and zinc die castings intended for the aerospace and defense industries. The company offers aluminum and zinc die castings, zinc castings, ZA alloy castings, precision machined parts, die cast assemblies, and custom tooling, designed for aerospace, defense, medical, and electronics firms requiring high-precision metal components.	
Imagine Communications	Developer of advanced broadband video processing platform intended to serve clients across the United States. The company's technology enables on-demand, interactive, and personalized television broadcasting for improved bandwidth, enhanced video quality, targeted ads, and personalized audio, thereby empowering the media broadcast, digital media, multichannel video programming distributor, and enterprise markets through transformative innovation.	

Company Name	Description	Deal Synopsis
IN Title	Provider of a title and real estate transaction service intended to facilitate residential and commercial property transfers. The company offers title searches, property record indexing, title insurance support, and transaction processing, enabling property buyers, sellers, lenders, and real estate professionals to complete property transactions with accuracy and confidence.	
Industrial Precision	Provider of aerospace machining and precision manufacturing services intended for industrial companies and individuals. The company offers aerospace machined parts, precision components, industrial hardware, custom machined products, aerospace assemblies, manufacturing services, technical consulting, part fabrication, industrial equipment components, and specialized aerospace products, enabling clients to obtain high-quality components for complex aerospace and industrial applications.	
InformedDNA (Genetic Testing Payment Integrity Business)	Developer of software designed to automate healthcare payment integrity. The company offers an artificial intelligence operating system that integrates a unified data layer with foundation models and task-specific agents, enabling health plans to automate claims authorization, auditing, and payment through real-time policy enforcement and autonomous actions.	
Integra Testing Services	Provider of facility testing and certification services intended for validating environmental performance and compliance in commercial buildings. The company offers certified testing, adjusting and balancing (TAB), cleanroom certification, fume hood testing, pharmacy compliance testing, duct leakage testing, air barrier testing, and commissioning services, enabling clients to ensure accurate system performance, regulatory compliance, and reliable environmental conditions.	
IPS Adhesives	Manufacturer of adhesive products intended to serve industrial, transportation, aerospace, electronics, medical, automotive, and consumer markets. The company specializes in structural adhesives, light-cured adhesives, anaerobic adhesives, cyanoacrylate adhesives, polyurethane adhesives, surface preparation products, and other bonding materials, thereby enabling customers to improve product assembly, durability, and manufacturing processes.	

Company Name	Description	Deal Synopsis
Ironclad Strategies	Provider of investment management and financial planning services intended to serve individuals and families. The company offers fiduciary-driven asset management, advanced financial planning, and family office services, enabling clients to access institutional-grade investment infrastructure and transparent financial guidance through a disciplined and independent advisory approach.	
Jersey Yacht Center	Operator of a full-service marina intended to provide comprehensive docking and maintenance facilities for recreational boaters. The company operates a full-service marina facility featuring over two hundred slips with direct access to Raritan Bay and a protected environment on Cheesequake Creek, enabling boaters to access wet slips, dry storage, fuel docks, ship stores, boat repairs, and rentals for secure docking and professional vessel maintenance at a single waterfront location.	
John A. Jurgiel & Associates	Provider of industrial hygiene consulting services intended to manage occupational health hazards. The company offers industrial hygiene surveys, ergonomics assessments, hazard evaluations, and qualitative exposure assessments, designed to enable property owners and remediation contractors to anticipate and control employee exposures to chemical, physical, and biological agents.	
Key Inspection Services	Provider of residential property inspection services intended to evaluate the condition of homes and support informed real estate decisions. The company offers comprehensive home inspections, experienced inspection professionals, and detailed assessment reports, enabling homebuyers, homeowners, and real estate professionals to identify property issues and make confident decisions.	
Key Line Construction	Provider of utility infrastructure services intended for the modernization and expansion of the electric grid. The company offers construction and maintenance services across transmission, distribution, substation, and communications infrastructure, enabling investor-owned utilities and federal power agencies to consolidate electrical and civil utility requirements under a single contractor while executing projects in remote or challenging geographic locations.	

Company Name	Description	Deal Synopsis
Kids Bowel & Bladder	Provider of professional education services intended to support pediatric pelvic health. The company offers online evergreen courses featuring actual patient videos and lifetime content updates, providing pediatric pelvic health training, clinical treatment protocols, professional development programs, parent guidance resources, and educational ebooks, enabling healthcare practitioners to treat pediatric bowel and bladder dysfunction.	
Kirk Nationallease	Provider of truck leasing and fleet maintenance services intended for the commercial transportation sector. The company offers vehicle repair, contract maintenance, shop management, and nationwide breakdown coverage, designed to enable fleet operators to manage light, medium, and heavy-duty trucks through a network of service locations and advanced diagnostic technology.	
Koffler Electrical Mechanical Apparatus Repair	Provider of electrical and mechanical repair services intended to maintain industrial motor systems. The company offers motor rewinding, dynamic balancing, and laser alignment, providing machining and field troubleshooting through a network of trained technicians, enabling industrial facilities to restore equipment to factory specifications and ensure operational reliability.	
L&H Airco	Provider of building automation services intended to serve commercial, government, healthcare, education, hospitality and industrial facilities. The company specializes in building automation, temperature controls, lighting controls, energy management, engineering and other services, thereby enabling clients with improved energy efficiency, centralized building management and optimized facility performance.	
LitmanGerson Associates	Provider of accounting services intended to help businesses and individuals achieve financial clarity. The company offers tax planning, audit and assurance, outsourced management accounting, business advisory, business valuations, and forensic accounting, enabling businesses and individuals to improve financial decision-making and strategic growth.	
LMPG	Manufacturer of specification-grade light-emitting diode (LED) lighting intended for hospitality, infrastructure, workplaces, retail and entertainment sectors. The company offers sustainable LEDs in a variety of optics, colors, accessories and finishes, for use in commercial, institutional and urban environments, enabling clients with durable fixtures that are manufactured to their requirements.	

Company Name	Description	Deal Synopsis
Lone Peak Dental (11 Pediatric Dental and Orthodontic Practices Across Georgia and South Carolina)	A portfolio of 11 dental and orthodontic practices across Georgia and South Carolina. The practices provide preventive care, patient education, and creating healthy spaces for customers.	
Lunsford Air Conditioning & Heating	Provider of Heating, Ventilation, and Air Conditioning installation and maintenance services designed for residential and commercial comfort needs. The company offers heating and cooling system installation, repair and maintenance, HVAC maintenance plans, indoor air quality services, duct cleaning and emergency support, enabling homeowners and businesses to maintain reliable, energy-efficient, year-round indoor comfort.	
M&M Medical Equipment Repair	Provider of medical equipment repair services intended to support healthcare facilities and home care companies. The company offers respiratory equipment repair, oxygen concentrator maintenance, ventilator servicing, cpap machine repair, preventative maintenance inspections, and medical equipment pickup, enabling healthcare providers to maintain operational device fleets and ensure patient safety.	
Makraf IME	Provider of medical examination services intended to provide objective opinions on behavioral health issues. The company offers psychology examinations, neuropsychology examinations, disability evaluations, permanency evaluations, fitness for duty evaluations, and medical-legal reports, providing insurance companies and attorneys with science-backed assessments to determine causality and treatment needs.	
Malvese Equipment	Distributor of industrial, agricultural and turf equipment intended to serve construction, agriculture, landscaping, grounds maintenance and municipal customers. The company specializes in offering equipment sales, replacement parts, equipment maintenance, repair services and other services, thereby enabling clients with access to equipment and ongoing maintenance support throughout the equipment lifecycle.	
Marcotte Disposal	Provider of waste collection services intended for residential, commercial, and industrial sectors. The company offers curbside pickup, dumpster rentals, recycling programs, scrap metal purchasing, clean fill acceptance, and compactor services, enabling clients in Michigan and Ontario to manage waste disposal through tailored collection schedules and specialized equipment.	

Company Name	Description	Deal Synopsis
Mastertech.ai	Developer of an automotive diagnostic platform designed to improve repair shop efficiency. The company's technology offers diagnostic assistance, automated estimate building, maintenance reporting, technical service bulletin indexing, wiring diagram navigation and labor guide comparison, enabling automotive technicians to perform vehicle repairs and maintenance services with increased speed and accuracy.	
Meadow Green Landscaping	Provider of landscape design and property maintenance services intended for outdoor space development and property preservation. The company offers landscape design, property maintenance, irrigation installation, patio construction, retaining wall installation, landscape lighting, tree planting, and water feature installation, enabling residential and commercial property owners to develop and maintain functional outdoor environments through professional design and technical maintenance.	
Med Water Systems	Manufacturer of water purification systems intended to provide pure water for laboratories. The company's systems offer a renewed annual warranty and 24-hour technical support, providing clinical laboratories with high-purity water for research and diagnostic applications.	
Metroplex Welding Supply	Distributor of welding supply equipment based in Dallas, Texas. The company supplies welding equipment, including arc welding equipment, hand tools and power tools and accessories, and fuel gas equipment, along with industrial gases, consumables, personal protection supplies, as well as shape cutting equipment.	
Midwest Protection Services	Provider of fire protection and security system services intended for commercial, residential, and industrial clients. The company offers fire alarm systems, engineered suppression systems, fire extinguishers, security systems, CCTV camera systems, access control systems, gas detection equipment, door entry systems, nurse call systems, and monitoring services, enabling property owners to maintain safety and regulatory compliance through integrated monitoring and emergency response.	
Midwest Recycling Equipment	Distributors of new and used recycling and waste handling equipment. The company offers balers, compactors, conveyors, and shredders, providing material recovery facilities with reconditioned machinery and turnkey installation services designed for efficient waste management.	

Company Name	Description	Deal Synopsis
Mike's Finest Wholesale Flowers	Provider of wholesale floral products and supplies intended to serve the professional floral industry. The company offers fresh cut flowers, global importation services, and floral hardgoods including vases and foam, enabling independent florists and event planners to procure high-quality inventory and professional supplies through a dedicated distribution facility.	
Mixed-Use Property at 569 West Side Avenue in Jersey City, New Jersey	4-apartment mixed-use property in Jersey City, New Jersey. The asset comprises four fully occupied residential apartments and one ground-floor retail unit, providing income-producing mixed-use real estate.	
MJB Lab Consulting	Provider of laboratory consulting services intended to serve clinical laboratories and healthcare organizations. The company specializes in laboratory leadership, laboratory management, regulatory compliance, quality management, laboratory accreditation preparation and other services, thereby helping clients improve laboratory operations, maintain regulatory compliance and enhance quality performance.	
Modern Instrument Company	Provider of temperature validation and calibration services intended for aerospace and industrial manufacturers. The company offers temperature uniformity surveys, system accuracy tests, and equipment validation in accordance with aerospace pyrometry specifications, enabling heat-treatment facilities and regulated manufacturers to maintain operational accuracy and audit-ready compliance through ISO-accredited calibration and traceable documentation solutions.	
Montana Party Rentals	Provider of event equipment rental services intended to help clients create memorable gatherings. The company offers tables, chairs, furniture, tabletop items, food service equipment, décor, lighting, and linens, enabling wedding planners and corporate organizers to execute successful events with professional consultation and delivery support.	
Moonnox	Developer of an artificial intelligence operating system designed for professional services and systems integration firms. The company's platform automates client-facing workflows through multi-turn orchestration agents grounded in organizational context, anchors execution around proprietary methodologies and historical assets, and supports analysis, sentiment tracking, and deliverable generation across projects, providing systems integrators and consulting firms with scalable operations, reduced overhead, and greater alignment between AI efforts and revenue performance.	

Company Name	Description	Deal Synopsis
Motivational Fulfillment & Logistics Services	Provider of fulfillment, shipping, packaging, and other value-added services intended to serve retail and direct-to-consumer clients. The company offers various services, including extensive refurbishing, retail shipping, customized client packaging, re-boxing and kitting, labeling, and reverse logistics, enabling clients to avail themselves of flexibility in the transportation of goods.	
Mr. Bult's	Provider of long-haul waste transportation services focused on sustainable waste handling. The company through its extensive fleet of trucks, trailers, and tank combinations offers a wide range of services including waste transportation, transfer station maintenance, loading, and litter control as well as landfill navigation and tipper services throughout North America, thereby enabling clients to reduce their total cost of waste transportation.	
Naples Powder Coating	Provider of metal finishing services intended to serve residential, commercial, marine, automotive, and architectural clients. The company specializes in powder coating, surface preparation, sandblasting, metal finishing for marine, automotive, architectural, and outdoor furniture applications, and industrial oven rental, thereby helping clients improve the durability, corrosion resistance, and appearance of metal components.	
NASCENT Technology (Charlotte)	Developer and manufacturer of fully integrated hardware and software designed for the supply chain and the private and for-hire carrier market. The company offers reliable gate systems, terminal operating systems, mobile applications, and call boxes for gates, kiosks, and safety and security monitoring equipment in rail and marine terminals, as well as manufacturing and distribution centers, thereby enabling its clients to improve their operations, customer service, and increase their return on investment (ROI).	
National Contractors	Operator of a general contracting company intended to provide exterior building services for community associations and property managers. The company specializes in roofing, siding, gutters, stucco, and stone replacement, as well as remodeling and maintenance services, enabling commercial and residential property managers to maintain and improve building exteriors.	

Company Name	Description	Deal Synopsis
NEI Electric Power Engineering	Provider of engineering and construction services intended to serve residential, commercial, and infrastructure projects in Lakewood. The company offers structural design, civil engineering planning, project management, and site supervision services, thereby supporting compliant construction and efficient project execution.	
New England Copy Specialists	Wholesaler of office technology and information management products intended to streamline document-centric business operations. The company offers multifunction printing devices, document digitization services, workflow integration capabilities, document management tools, and print security features, enabling businesses and enterprise organizations to improve operational efficiency, strengthen document control, and reduce manual administrative workloads.	
New Leaf Energy (32 MW Community Solar Portfolio in Virginia)	A 32-megawatt community solar portfolio in Virginia, United States. The portfolio consists of 5 ground-mounted solar projects under development and is expected to provide electricity benefits to approximately 5,000 homes through a shared solar program.	
Nicoletti & Harris	Provider of nationwide process serving and litigation support services intended to facilitate legal document delivery and court filings. The company offers process serving, electronic filing, document retrieval, notary services, investigative services, and concierge services, providing law firms with real-time updates and GPS tracking through proprietary API technology to ensure efficient and compliant service of process for personal injury and mass-tort cases.	
North American Chassis Pool Cooperative	Manufacturer of intermodal chassis services intended for the transportation and logistics industries. The company offers shared chassis pools, premium equipment leasing, and customized rental programs, designed to enable motor carriers and logistics providers to transport containers efficiently through a modernized and interoperable fleet.	The company was acquired by ITE Management through a \$157 million LBO on July 21, 2026.
NORTHGATE RESORTS HR, LLC (Campground Resort in Williamsburg, Virginia)	A portfolio of an 80-acre campground resort in Williamsburg, Virginia.	

Company Name	Description	Deal Synopsis
Northline Industrial	Provider of industrial maintenance services intended to support manufacturing operations. The company's technology utilizes original equipment manufacturer test systems, dynamic motor load control, closed loop testing, historical data tracking, and custom work order software, enabling manufacturers to minimize machine downtime through the repair of robotic, mechanical, and electronic equipment.	
O'Donnell Metal Deck	Distributor of steel decking and bar joist products intended to support commercial construction projects with structural steel components and nationwide delivery. The company's products include roof deck, composite deck, form deck, steel bar joists, specialty steel deck, and deck accessories supported by project estimating, detailing, shop drawings, and coordinated logistics, enabling steel fabricators, general contractors, developers, government agencies, and institutions to complete commercial construction projects on schedule with reliable structural steel supply.	
Ohio Paint Supply	Distributor of automotive and industrial paint products intended for automotive refinishing and industrial coating supply. The company offers automotive paints, industrial coatings, refinishing supplies, paint application tools, coating accessories, industrial paint products, and automotive supply products, enabling automotive repair shops and industrial manufacturers to access premium coatings through a reliable regional distribution network.	
Oliver Outdoor	Operator of an outdoor advertising company intended to provide billboard marketing services. The company offers digital posters, digital bulletins, digital verticals, static posters, static bulletins and creative services, enabling local and regional businesses to enhance brand visibility through out-of-home media placements.	
One Tech Engineering & Power	Provider of engineering and project support services intended for the energy and critical infrastructure sectors. The company offers engineering support, project management, consulting, government agency services, construction management, safety services, skilled trades staffing, and leadership advisory, enabling utility and power generation customers to maintain and operate critical infrastructure.	

Company Name	Description	Deal Synopsis
OneConnect (IT Consulting and Outsourcing)	Provider of technology sourcing services intended to help businesses procure and support network infrastructure. The company manages supplier implementations, multi-vendor advocacy, network spend optimization, technology goal alignment, service delivery project management, and provider network research, enabling IT departments to streamline vendor management and reduce operational costs.	
Onviv	Provider of an expert network intended to connect healthcare practitioners and life science companies. The company offers a global network of medical experts across thirty disease types and a proprietary platform for live, virtual and text-based exchanges, enabling healthcare practitioners and life science companies to access strategic clinical insights for improved decision-making and patient outcomes.	
Optera (Boulder)	Developer of an enterprise carbon emissions management and reporting software designed to achieve corporate climate and sustainability goals. The company's software helps corporate emissions accounting and target achievement to scale by collecting key data and setting goals, enabling companies of any size and maturity to develop trusted, automated, and actionable data across the entire value chain.	
Palouse Power	Provider of utility infrastructure services intended to power growth in the Inland Northwest. The company offers substation construction, transmission line installation, distribution network development, fiber optic deployment, underground construction, and heavy civil engineering, providing utility companies with integrated infrastructure development and emergency response capabilities.	
Paxen Learning	Provider of educational programs and services based in Melbourne, Florida. The company specializes in developing and delivering training programs that build academic, life, and employability skills for at-risk youth and out-of-work adults, many of whom are economically and socially disadvantaged with educational deficiencies that impede employment opportunities.	

Company Name	Description	Deal Synopsis
Paymasters	Provider of payroll administration, human resources, and employee benefits services intended for small and medium-sized businesses. The company offers payroll processing, human resources support, employee benefits administration, workers' compensation management, regulatory compliance, retirement plan administration, tax filing, and professional employer organization (PEO) services, enabling employers to streamline workforce administration and maintain compliance with employment regulations.	
Pete & Pete Container Services	Provider of environmental services intended for waste recycling. The company offers roll-off and front-load containers, as well as provides recycling, landfilling, dumping, and landscaping services, thereby offering help for small home projects to larger remodels or business use to residential, commercial, and industrial customers.	
Peterson and Matz	Distributor of water and wastewater treatment equipment intended to serve municipal and industrial water and wastewater treatment markets. The company specializes in offering water and wastewater treatment equipment, pumping equipment, filtration equipment, disinfection equipment and other process equipment, thereby helping clients select, specify, procure and implement treatment equipment with technical support throughout project lifecycles.	
Pettus Plumbing & Piping	Provider of mechanical and plumbing services intended for commercial and industrial sectors. The company offers HVAC maintenance, plumbing installation, refrigeration services, piping, DDC controls, and sheet metal fabrication, providing large-scale facilities with infrastructure support and emergency repair services.	
PHFM (Commercial Services)	Provider of facilities maintenance services intended to maintain safe and efficient environments for multi-site properties. The company offers handyman, plumbing, HVAC, landscaping, snow removal, and parking lot repair services, thereby helping clients maintain safe, functional, and operational facilities across their property portfolios.	

Company Name	Description	Deal Synopsis
Pioneer Technical Services	Employee-owned environmental engineering and services firm, Pioneer Technical Services, offers abandoned mine land reclamation, environmental remediation, water resource management, oil and gas industry services, infrastructure/municipal services, and specialty services such as materials testing, geotechnical, geoprobe drilling, and construction oversight. The company operates in the northwest region with its headquarters in Butte, Montana. Pioneer Technical Services prioritizes innovative solutions and safety for its clients.	
Potomac Management Resources	Provider of association management services intended to serve professional and trade associations. The company specializes in strategic planning, governance, membership management, meetings and events management, communications, financial management, and other consulting services, thereby helping clients strengthen operations, engage stakeholders, and achieve long-term organizational success.	
Powertrain (Road)	Operator of a truck repair facility intended for commercial fleet maintenance. The company offers drivetrain and hydraulic component repair and maintenance services using specialized mechanical diagnostics, enabling truck fleets and commercial drivers to restore vehicle performance and minimize operational downtime.	
PowerTransitions (323 MegaWatt, Five Power Plants Located in New York)	A portfolio of five generation facilities totaling 323 megawatts located in the United States.	
Product Creation Studio	Operator of a product development firm intended to deliver user-focused design powered by deep technical expertise. The company's services foster innovation and transform ideas into meaningful products, and use its expertise in strategic design and precision engineering to create, innovate, and resolve challenges across the consumer, medical, and industrial fields, enabling clients to reduce the time required to reach the market by assisting them with increased market success.	
Progressive Safety (Consulting Services)	Provider of workplace safety consulting and training services intended to help organizations maintain safe and compliant work environments. The company offers safety audits, workplace inspections, OSHA compliance support, safety staffing, hazard and risk identification, safety training, certification programs, and online learning courses, enabling businesses across multiple industries to reduce workplace risks, improve compliance, and enhance workforce safety.	

Company Name	Description	Deal Synopsis
Project X Media	Operator of a digital advertising platform intended to launch out-of-home (OOH) advertising campaigns. Operator of a digital advertising platform intended to launch Out-of-Home (OOH) advertising campaigns. The company's platform offers workflow management software services to automate out-of-home media planning and buying, enabling advertising agencies and advertisers to send multi-market requests for proposals in the areas of wallscape, digital network spots and public transit advertising to vendors to promote their business conveniently.	
Prologic ITS (Emergency Vehicle Upfitting Assets)	A portfolio of emergency vehicle uplifting assets based in the United States.	
Prosperity Partners	Provider of tax and accounting services intended to serve businesses, high-net-worth individuals, and family offices. The company offers tax advisory, tax consulting, tax preparation, outsourced back-office accounting, and start-up business services, enabling clients to outsource their auditing formalities and focus on daily operations.	
Qualitiscap Services	Provider of landscape design and maintenance services intended for residential and commercial properties. The company offers lawn mowing, shrub pruning, irrigation installation, tree removal, and landscape renovation, providing property owners with professional outdoor care that enables the maintenance of healthy turf and aesthetically pleasing environments.	
Rainbow Maintenance Services	Provider of commercial janitorial services intended to maintain clean, safe, and well-managed commercial facilities. The company offers routine cleaning, facility maintenance, and customized service programs, enabling commercial property owners and businesses across diverse industries to maintain hygienic environments and efficient facility operations.	
Ralph W. Earl	Distributor of automation and motion control tools designed for manufacturing companies. The company offers hydraulic and pneumatic system engineering, electric automation, lubrication systems, and industrial robotic solutions, enabling clients in upstate New York and northern Pennsylvania to adopt new technologies and optimize manufacturing processes through technical expertise and equipment assembly.	

Company Name	Description	Deal Synopsis
Ramler International	Supplier and manufacturer of commercial furniture solutions for hospitality and related industries. The company specializes in offering banquet chairs, meeting chairs, charging furniture, furniture installation, and other products, thereby helping clients furnish commercial spaces with durable furniture for public and commercial spaces.	
Rapido Solutions Group	Operator of a recruitment agency intended to connect logistics and supply chain organizations with the available talent in Mexico. The company offers a wide range of services like account management, carrier operations, appointment scheduling, customer service, back-office administration, and tech services.
