Materials and Resources Deals for August 2026

Company Name	Description	Deal Synopsis
Addenda	Manufacturer of chemical additives intended for plastics, rubber and battery markets. The company offers flame retardants, smoke suppressants, battery additives, heat stabilizers, lead stabilizers and chemical additives, providing industrial manufacturers with functional solutions to improve material performance and reduce production costs.	
Chester Specialty Chemical	Manufacturer of epoxy materials designed for surface regeneration and protection. The company offers epoxy regeneration materials, polyurethane elastomers, anaerobic adhesives, anaerobic sealants, cyanoacrylate adhesives, and industrial detergents, enabling industrial companies to repair and rebuild metal elements with high chemical resistance and five-year durability.	
ChromaScape (Corrugated Products Business)	Manufacturer of specialty products intended to serve corrugated box manufacturers. The business specializes in borax and caustic replacement products for starch batches, performance-enhancement additives and wet-strength resins, thereby enabling corrugated box manufacturers to improve starch batch performance and product strength.	
H.M. Royal	Distributor of specialty chemicals and raw materials intended to serve the rubber, plastics, coatings, adhesives, and sealants industries. The company offers elastomers, resins, performance additives, flame retardants, mineral fillers, aramid blends, kaolin clay, and sulfur, providing manufacturers with technical consultation and supply chain solutions to improve product performance and operational efficiency.	
Hylomar	Manufacturer of sealants and adhesives designed for industrial and engineering applications. The company offers non-setting jointing compounds, silicone sealants, anaerobic adhesives, structural adhesives, sealing putties, and cleaning fluids, providing the transportation and aerospace sectors with materials for sealing engines and gearboxes.	

Company Name	Description	Deal Synopsis
Jillson & Roberts	Manufacturer of gift packaging designed for environmental sustainability. The company utilizes recycled and FSC-certified materials, soy-based inks, and chlorine-free processes to produce wrapping paper rolls, gift bags, tissue paper packs, paper raffia ribbons, decorative mailers, and packaging accessories, providing retailers with fashion-oriented and eco-friendly merchandise to enhance consumer gifting experiences.	
MP Global Packaging	Manufacturer of thermal packaging products designed for temperature-sensitive shipments. The company offers insulated liners, cold-chain insulation, and protective packaging made from recycled cardboard fibers, enabling the pharmaceutical and food industries to transport perishable goods with curbside-recyclable materials.	
Multi-Pak Packaging	Provider of contract packaging services intended to support the healthcare and consumer products industries. The company offers solid dose bottling, cold-form blistering, pouching and sachets, medical device kitting, secondary cartoning, and probiotic packaging, enabling healthcare brands to bring products to market through climate-controlled facilities and integrated supply chain solutions.	
Pindler	Manufacturer of decorative fabrics and trims intended to serve the interior design industry. The company operates a specialized quick-ship program, maintains an extensive library of unique textiles, and utilizes advanced performance fabric technologies, enabling clients to access a vast global collection of exclusive textiles and trims to create customized interior environments.	
Tejon Treating and Carbon Solutions	Provider of midstream services intended to facilitate sour gas treatment and carbon sequestration. The company offers an amine treatment plant, a low-pressure gas gathering system, carbon sequestration facilities, a vapor recovery unit for gas capture, and high-pressure gas redelivery, providing oil and gas producers with infrastructure for the environmentally responsible development of assets in regions where sour gas is present.	

Company Name	Description	Deal Synopsis
The Nutty Bavarian	Manufacturer of roasted glazed nut products and nut roasting equipment intended to serve retailers, entertainment venues, foodservice operators and specialty stores worldwide. The company manufactures cinnamon-glazed roasted nuts, packaged nut products, automated nut roasting equipment and related supplies while offering equipment installation, training and ongoing support, thereby enabling customers to prepare and sell freshly roasted nut products in commercial settings.
