

Energy Deals for June 2019

Company Name	Description	Deal Synopsis
Allied Power Group	Provider of critical components and services to its customers in the power generation, refining, pipeline and general industrial sectors. The company's fully-integrated suite of industrial gas turbine products and services include engineered inspections and repairs, specialized coatings, precision manufacturing of replacement components, experienced field service professionals, multi-faceted rotor repair and an expansive inventory of refurbished parts.	The company was acquired by AEA Investors through an LBO on June 17, 2019 for an undisclosed sum.
Dynamix Energy Services	Provider of a range of energy services that focuses on implementing and installing creative, well-engineered energy and technology solutions for customers. The company's range of services includes energy auditing, usage analysis, HVAC, plumbing, electrical and technological services along with project management and consultancy services.	The company was acquired by Bow River Capital Partners through an LBO on June 24, 2019 for an undisclosed sum.
E Source	Provider of energy market research, data and consulting services. The company offers account management, resource strategy, efficiency and demand response, marketing, design and corporate communications services, enabling clients in the utility industry to solve critical problems involving energy efficiency, utility customer satisfaction, customer management and sustainability.	The company was acquired by Align Capital Partners through an LBO on June 24, 2019 for an undisclosed sum. The financing will help grow the company's existing portfolio of customer energy and customer experience solutions, both organically and through add-on acquisitions.
Glendale Energy Ventures	Operator of private oil and gas company focusing on acquisitions and investments in de-risked onshore oil and gas resource. The company makes direct asset level investments in upstream oil and gas assets across the United States and also provides capital solutions to operators through joint ventures, non-operated joint development partnerships, and non-operated acquisitions.	The company received \$500 million of development capital from TPG Sixth Street Partners on June 12, 2019. The financing is intended to be used for acquisition purposes. The company has already deployed funds with the completion of \$55 million in acquisitions of non-operated interests in drilling pads located in Oklahoma's premier STACK play.
Odfjell Holdings	Operator of a 45-tank, 150,000m3 marine terminal in Charleston, South Carolina, US. The company's storage tank is built to store bulk liquid chemical, vegetable oil and petroleum products.	Lindsay Goldberg sold a 49% stake in the company to Northleaf Capital Partners on June 5, 2019.

Energy Deals for June 2019

Company Name	Description	Deal Synopsis
Soltage	Developer and operator of solar power plants. The company's activities include development, financing and operation of utility-scale solar power systems, enabling commercial, industrial and municipal customers to manage energy costs and exercise greater control over electricity procurement.	The company received an undisclosed amount of development capital from Prudential Capital Group on June 13, 2019. The funds will be used to drive the company's corporate growth, support the acquisition and development of new solar projects and strategic initiatives of the company.
