The company's platform offers end-to-end visibility into both front and back-office operations including accounting, budgeting, maintenance, reporting and end-to-end leasing, among other capabilities, helping residential and commercial real estate managers operate more efficiently, benefitting residents, managers and owners.	The company was acquired by Inhabit IQ, via its financial sponsors Insight Partners, Goldman Sachs Merchant Banking Division and Greater Sum Ventures, through an LBO on August 27, 2021 for an undisclosed sum. This transaction will give Inhabit IQ a core residential-focused property management solution, while further expanding its presence in the affordable housing market.
Reviewbox	Developer of review management software intended for consumer brands. The company's digital retail optimization software is used to answer questions, analyze reviews and optimize their product performance across a variety of major retail channels and automatically delivers email notifications and detailed historical reports regarding the same, empowering manufacturers and brands with comprehensive visibility into their product presence.	The company was acquired by Talkwalker, via its financial sponsor Marlin Equity Partners, through an LBO on August 23, 2021 for an undisclosed sum. This acquisition will enable Talkwalker to expand its product review capability and integrate the company's e-commerce data into its consumer intelligence platform, providing additional customer insights for its clients.
Rfp360	Developer of a request for proposal software intended to connect procurement teams and suppliers in an integrated platform. The company's software helps buyers create requests for proposal, get vendor proposals and consider their responses by shortening the overall procurement time-frame and maintain real-time access to data, enabling small companies to compete with large, incumbent providers in an integrated and seamless platform to share data.	The company was acquired by RFPIO, via its financial sponsor K1 Investment Management, through an LBO on August 3, 2021 for an undisclosed sum.

## Information Technology Deals for August 2021

Company Name	Description	Deal Synopsis
Riskalyze	Provider of a risk management platform intended to pinpoint an investor and build a portfolio that contains just the right amount of risk. The company provides risk semantics to the advisory industry by empowering investment advisors to capture a quantitative measurement of client risk tolerance and use that data to win new clients, capture and meet expectations and quantify suitability, enabling people to invest freely when advisors align the world's investments with each investor's risk number.	The company was acquired by HG Capital (UK) and Mr. Aaron Klein through an LBO on August 30, 2021 for an undisclosed sum. The company was recapitalized as a result of the transaction.
RiskSense	Developer of vulnerability management and prioritization platform designed to measure and control cybersecurity risk. The company's cloud-based platform uses risk-based scoring, analytics and technology-accelerated pen testing to identify critical security weaknesses with corresponding remediation action plans, enabling users to improve security and IT team efficiency and effectiveness.	The company was acquired by Ivanti Software, via its financial sponsors Bratenahl Capital Partners, Charlesbank Capital Partners, Clearlake Capital Group and TA Associates Management, through an LBO on August 2, 2021 for an undisclosed sum. The combination will allow Ivanti Software and the company to shrink their attack surface, prioritize vulnerabilities to remediate and reduce their exposure to cyber threats and ransomware attacks by taking a proactive, risk-based approach to patch management.
Skyhawk Security	Provider of diversified on-grid technology offering a broad range of solutions in security managed services and surveillance. The company's full suite of managed offerings includes IP camera systems, access control systems and remote video monitoring and surveillance services, structured cabling, internet service, VOIP phone service, managed IT services, hosted exchange products and offsite backup.	The company was acquired by Twenty20 Solutions, via its financial sponsors Cornerstone Holdings and Genesis Park, through an LBO on August 10, 2021 for an undisclosed sum. The combination of the two companies delivers a comprehensive solution for customers' on-grid and off-grid security and access requirements across industries including utilities, oil and gas, agriculture, education and healthcare.

## Information Technology Deals for August 2021
