

Materials and Resources Deals for August 2022

Company Name	Description	Deal Synopsis
CALco Pallet Company	Manufacturer of wooden and plastic pallets catering to a diverse customer base throughout the Midwest and the United States. The company operates as a vertically integrated, full-service wooden pallet manufacturer selling both new and recycled pallets while its operations include a captive hardwood sawmill as well as landscape mulching capabilities to monetize scrap and unusable pallets using an automated pallet assembly system, enabling clients to save time by providing custom and cost-effective products.	The company was acquired by 48forty Solutions, via its financial sponsors Audax Group, Huron Capital and Summit Partners, through an LBO on August 25, 2022 for an undisclosed amount.
Valtris Specialty Chemicals	Manufacturer of specialty chemicals, polymer additives and precursors intended for use in the production and processing of plastics. The company's chemicals impart critical attributes to plastics, coatings, adhesives and sealants including resiliency, flame retardancy and ease of processing that serve building and construction, packaging, consumer goods, transportation and oilfield companies, enabling them to get access to a range of complementary products for their specific needs.	The company was acquired by SK Capital Partners through an LBO on August 1, 2022 for an undisclosed amount. In support of the transaction, Cerberus Capital Management provided debt financing in the form of a loan.
