

**Energy Deals for May 2024**  
**PE Industry Update**

Company Name	Description	Deal Synopsis
Compressor Energy Services	Provider of turnkey design and implementation services based in Merrimack, United States. The company offers a wide range of services such as air analytics, utility energy service, compressed air assessment service, design service, implementation, and ongoing services intended to reduce compressed air system energy and enhance the core process of industrial facilities.	The company was acquired by Fidelity Building Services Group, via its financial sponsor Onex (Private Equity), through an LBO on May 14, 2024 for an undisclosed amount.
PerformWell	Provider of geo-steering services intended to serve the oil and gas industry internationally and in the United States. The company offers remote and in-house geo steering management, drilling, post-well analysis and provides insight into completion and production results on existing oil wells.	The company was acquired by an undisclosed investor, via its financial sponsor The Anderson Group, through an LBO on May 16, 2024 for an undisclosed amount.
Top of Iowa Wind Farm	A utility grade wind farm asset located in Northwest Iowa. The wind farm has a capacity of 80 Mega Watts (MW) and consists of 89 NEG-Micon 900 kilowatt wind turbines mounted on 237-ft (72 m) tubular towers.	The wind farm of Black Hills was acquired by Peregrine Energy (Energy Storage), via its financial sponsor Castl lake, through an LBO in approximately May 2024 for an undisclosed amount.
